# Weather Key Points

Regional Operations Center

Western Region

Sunday, July 3

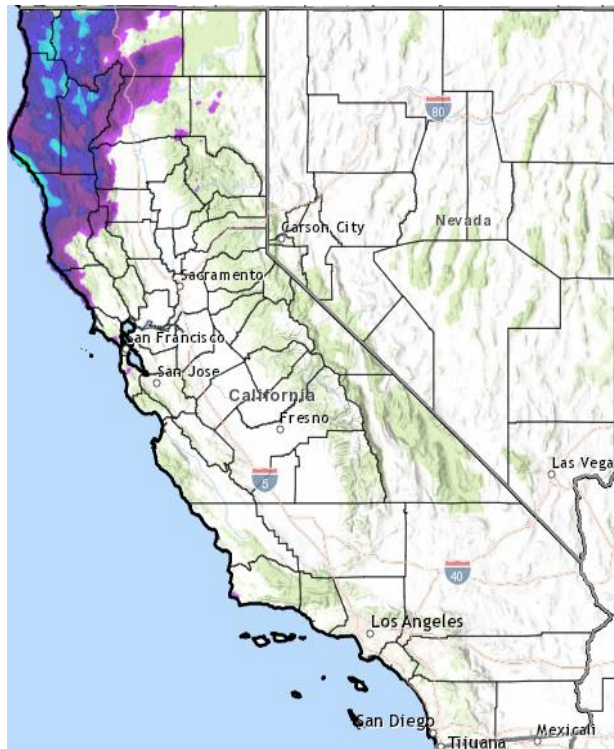

- Near to even below normal temperatures will persist over much of the state into mid week, with mainly minor heat risk concerns across the southern California deserts
  - Much warmer temperatures are forecast to return to many areas late in the week and into the weekend
- Fire weather conditions will remain locally elevated most afternoons and evenings for mountain and foothill locations, the southern deserts, and the Sacramento Valley at times due to normal breezy conditions each day
  - At this time, widespread critical fire weather (Red Flag) conditions are not expected
- Showers linger into Tuesday for far northern California, otherwise, dry conditions are expected through the week
